Why PixelsLmt?

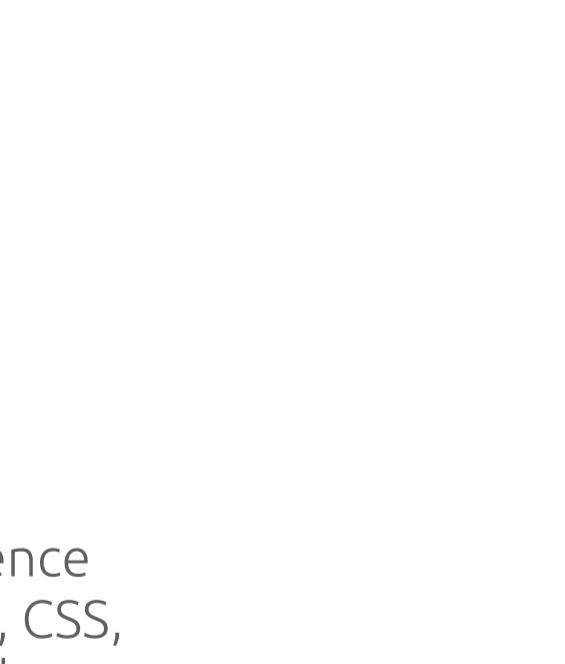

One Stop Shop.

Here at PixelsLmt we are great at putting your business on the map, we are great at design, development and we will not just leave after we have made the website

How we Run

We put dedicated time towards the projects that we do and we make sure everything is tested and working 100% to perfection before giving to the customer

About us

Our team are always looking to grow in our field and create great relationships with each contact customer. We are personal, innovative and always looking to develop our portfolio

Meet the Team.

Joseph Watson

Hello I am a Front-End dev that has experience using different languages for example Html, CSS, Java-script, Vue.js Bootstrap and a little Bulma.
